Director - Randy Gould

Moore County Public Works consists of Public Utilities, Pollution Control, Solid Waste, Engineering, and Property Management.

### Mission

To protect the environment and to preserve and enhance the quality of life for Moore County Citizens by:

- Providing an adequate supply of safe water to all customers
- Providing environmentally sound wastewater collection and treatment service

- Providing a highly organized and efficient system of solid waste recycling, collection and disposal services
- Providing a prompt and efficient system of maintenance for County facilities and vehicles
